## Project Proposal: Seebaworks.ca - redesign

### Background

Seeba is a social enterprise that delivers high-quality painting services while offering opportunities to newcomers, women, and minorities in an effort to create equal pay. Their aim is to create a balance between men and women in an industry which is predominantly man. They have an existing website which doesn't fulfill the demands of a growing clientele.

### Objectives

- To create a more comprehensive website.
- To build a website that meets their requirements.

### Scope

The scope of the project will include:  
The front-end design of the website

The scope of the project will exclude:  
Creating a database

### Timeframe

	Task	Start and End Dates
Phase One	Appointment to elicit requirements from the client	October 27,2019
Phase Two	Create a first draft of the website	November 27,2019
Phase Three	Final version approval	December 27,2019

### Key Stakeholders

Client	Seeba Works inc
Project manager/ Project provider	Bahriye Ceyhan Cavdar
